

Camp Work Day Pictures

These two boys come to Family Camp over the summer at Rhodes Grove. On this day they came back to volunteer and help fix the broken chairs in our dining room.

Some of the girls help clean the cabin to close them up for the winter months.

There were A LOT of leaves to clean up all over the camp grounds!

And many volunteers have been helping to build a new fence at the horse barn to keep the horses safe during next year's summer camp!
